

Wayne County Literacy Theory of Action

Establish the vision and ensure that commitment exists amongst Wayne County Leaders

Align resources to support the vision and goals (i.e., collaborative time, the right people, and funding)

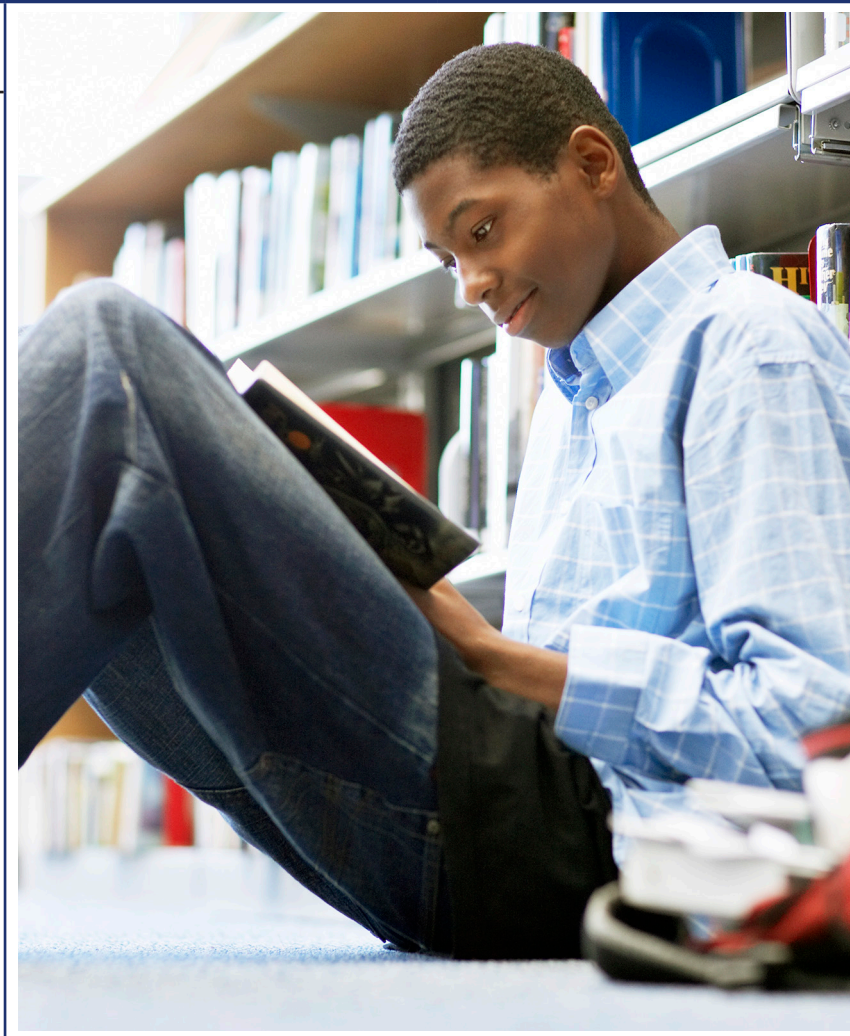

Establish a guaranteed viable curriculum and aligned district assessment practices within a tiered framework that meet the needs of all children

Embed and sustain quality professional learning through principal leadership, literacy leaders and instructional coaches

Implement quality practices in every classroom every day to respond the diverse needs of learners

Every child develops strong literacy knowledge, skills, and dispositions as demonstrated by student outcomes

<ul style="list-style-type: none"> Establish a vision for literacy Establish a commitment among stakeholders (which includes aligning policies, equitable funding, and resources grounded in research) 	<ul style="list-style-type: none"> Allot time to study, plan and collaborate on student formative assessment processes and summative data sets Provide support and leverage literacy expertise to ensure the implementation of the vision and curriculum Allocate funding annually to support the literacy vision 	<ul style="list-style-type: none"> Provide support and leverage literacy expertise to ensure the implementation of vision and curriculum Ensure a guaranteed and viable curriculum Align literacy resources to support the district curriculum Ensure a balanced literacy assessment system Ensure a MTSS framework and common understanding of the tiers Establish literacy goals, monitor those goals, and cultivate a cyclical structure 	<ul style="list-style-type: none"> Embed and sustain quality professional learning through instructional coaching in every school Embed the use of Instructional Rounds Embed and sustain quality professional learning through multiple modalities
